HEE Trailblazer Fellow – Leaders in Deprivation

Dr Sani & Partners, Coventry

I'm a newly qualified GP and currently working at the 'Dr Sani's Surgery, in the City of Health Centre, Coventry. I previously worked in various Emergency departments in the Republic of Ireland at Registrar level.

I worked in a very deprived area in Coventry during the whole of my ST3 year, and came to know how it can be difficult and challenging. That's why I decided to join the Trailblazer Fellowship Programme so that I can improve my skills while working in deprived areas and to contribute towards improving health equity in primary care.

I am really looking forward to it. I'm interested in finding a way how we can screen vulnerable patients from deprived populations, so we can avoid prescribing the control drugs and find an alternate way to help them'.
